

Over 100 Years of Smart Comfort

Through many years of innovation, including decades of commercial water heating experience, Rinnai has enhanced the way businesses operate, while creating a healthier way of living for their customers. With headquarters in Japan and a network of 20 subsidiaries and 86 sales offices in 13 countries, this commitment has made us the number one selling brand of tankless water heater systems. Dedicated to a smarter kind of comfort, our value-added products continue to stay in step with the demands of a changing world.

PROUD SPONSOR

FOLDS of HONOR

Enjoy Your Outdoor Areas Year Round!

Now you can keep outdoor living spaces warm and cozy even during the colder months of the year with our NEW outdoor overhead mounted radiant heaters: the **Rinnai SE** and **SE+**.

Rinnai, the leader in residential tankless water heating, offers you warm radiant comfort provided by the Rinnai SE and SE+ Infrared Radiant Patio Heaters so you can enjoy your outdoor patio, porch, terrace, deck, or pool areas year round.

All Rinnai SE and SE+ Infrared Patio Heater Models Offer:

- 316 Marine Grade Stainless Steel - prevents rust from developing even in maritime climates.
- Available in Black to blend with existing décor (SE also available in Black and Natural Stainless Steel with faceplate option for a sleek, modern aesthetic).
- Single Stage and 2-Stage options - as much heat as required with convenient controls
- Quick ramp-up time and even heat distribution - the ultimate in luxurious comfort
- Multiple Mounting Bracket options - heaters mount overhead, out of the way, and angled to direct the heat

Available Models:

SE Infrared Patio Heater

- 35,000 Btu/h input and 50,000 Btu/h input models
- Available in propane or natural gas and single-stage or 2-stage
- Black or Stainless Steel faceplate to enhance the aesthetics of your patio
- 44" heater length
- Available in propane or natural gas and single-stage or 2-stage
- 8 feet minimum overhead mounting height

SE+ Infrared Patio Heater

- 23,000 Btu/h input, 35,000 Btu/h input and 50,000 Btu/h input models
- 30.5", 43.5", and 48.25" heater lengths
- Available in propane or natural gas and single-stage or 2-stage
- 8 feet minimum overhead mounting height
- Ideal for low clearances to mounting surface with an insulated cabinet
- An attractive black finish allows the heater to blend seamlessly into the structure

Warranty: SE and SE+ Series

- 3-year comprehensive warranty on the ceramic burner
- 3-year warranty coverage on the other heater components

Available Controls — For Use with SE and SE+ Series

Remote Control (Single Stage Only)

FULL CONTROL RIGHT AT YOUR FINGERTIPS

903000032 Remote Control Keypad Transmitter
